Dear Sir or Madam,

We invite you to the third TRANSDANUBE Partner Meeting, which will consist of two parts: the Project Steering Meeting and the Thematic Workshop.

The partner meeting will take place in Bratislava, organized by our project partner Bratislava Self-Governing Region.

Each partner should be represented at the partner meeting. During the Project Steering Committee Meeting, the partners will be updated about the project's financial status. Furthermore the partners will receive a feedback on the report 01 and information on the status of report 02.

In the Thematic Workshop, the partners will present the current status of the running activities, discuss problems with the other partners and define the next steps in the project implementation.

Please forward this invitation to your observers and ASPs in case you would like them to participate at this meeting, too.

We are looking forward to meeting you in Bratislava,
